

Missionary Marking Christ's Doctrine in the Book of Mormon

- If members are not reading, I ask to take their Book of Mormon and mark for them Christ's Doctrine.
- Or, if they are willing to read and mark the scriptures with us. We pray first, this is the best thing to mark it.
- Then you know they have read the scriptures. I return the ones given me the next day and have them read.
- We mark all the Books of Mormon we are going to hand out, before we give them out. We ask if they will take the time to read the scriptures marked, with us, so we can explain them. If not they can read themselves.
- We tape the 13 Articles of faith, keeping in staying with Christ's Doctrine only and sign on the bottom: Senior Missionaries Elder & Sister Habel Cell Phone Number_ Now, we can put your flyer with scriptures.
- When we give it to them we let them know that just Jesus Christ's doctrine is marked in this copy of the Book of Mormon, and it won't take them long to go through the book. We have them read Moroni 10:3 first, to start.
- Over to the right of the first page we write in neat handwriting: Turn To Page 1 – Turn to page 6 etc, and then circle it so it catches their eye. You can also just write the page number to turn to.
- We show the pictures, explain each for just a second, then get them to Page 1, where it says to turn to page 6,
- Scriptures marked: (Need to be marked very legible and professionally, the printing has to be very nice also).
