

Ward Placement of Missionary Flyer Suggestions

These suggestions come from those who are using the flyer in their wards.

GOAL: Place the missionary flyer in every home within the ward boundaries.

- 1 – 100% home teaching. All Home and Visiting Teachers take the flyer to every home in the ward.
(this would be used along with the normal visiting message for the month, or a separate visit.)
- 2 - A letter enclosed from the bishopric challenging all to Read – Ponder and Pray about the scriptures.
(To help build their testimonies)
- 3 - Enclosed in the letter is a challenge to write a letter to the Bishop how this activity increased their testimonies. All in the families including children do this.
- 4 - They are advised to do this as a family home evening project – all in the ward on the same night.
(Some families might get together – Home and Visiting Teachers with inactive families, or some assigned to meet together.)
- 5 - A date is picked for family or ward members, to pass the flyer out to all the nonmember homes, in their ward boundaries. (This may take a number of placement days.)
- 6 - The youth are placed in charge of planning this (please copy the suggestions on the youth in charge sheet)
- 7 - A meeting for training is held. People are trained how to pass out the flyer. They practice door dialogue, how to keep records and getting return appointments, etc.
(Note: This is taken from Harmon Rector's – Do you like to read? – dialogue.
The success shows 95% of the people that give their address and agree let the missionaries on return appointments.)
- 8 - Records are kept. Pictures are taken. Testimonies are increased through doing the Lord's missionary work.
- 9 - Missionaries keep records of any calls they get from the nonmembers given the flyer.
They turn them into the Ward Mission Leader.

Members should be encouraged to always have flyers with them, in case they are asked what we believe. They can use as a scriptural reference source along with the 17 points or 42 evidences of the true church brochures.
