

MONTHLY MISSION ACTIVITIES

More is done, in life, when there is a goal and planned missionary activities. The goal is for the church, mission president, stake president, bishop to get more members, under their responsibilities, involved in missionary work.

Below are a few suggestions for planned monthly activities. Each month the mission will send to all missionaries, a planned activity for them to all do, that month, along with the other activities the Lord directs them to do.

Each mission can add many more, and on the weekly missionary report to mission presidents, suggestions can be sent it. Some of these then can be done every month.
